I. HIGH ACADEMIC APPLICATION:

- * Students are expected to be able to work in a highly engaging and challenging program, where concepts of an increasingly mature and sophisticated nature are explored prior to entry into the senior sub school.
- * Students develop the ability to work across a range of learning situations—as a member of a highly engaged class, in small teams, in working pairs, and eventually as an independent learner and thinker.

WE UNDERSTAND THAT STUDENTS MUST WORK CONSISTENTLY TO PRODUCE WORK OF A HIGH STANDARD.
